## Divider

**Perfect for screening views or creating separate seating areas in large open spaces, the Rectangle Wide Series is ideal for hospitality, commercial, or residential environments.**

Designed for durability and performance, our custom planters for commercial and residential projects are made from heavy-gauge, marine grade, recycled 5052 Aluminum Alloy that is also used for boat and ship building.

### Finishes

Complete with a five year warranty, our standard and premium powder coat finishes withstand the most extreme conditions. Download or request a powder coat spec sheet for a complete list of available colors.

Our weathering steel is built to last and produces a finish that is both beautiful and extremely long lasting.

### Features

This hand crafted planter features a customizable weather resistant finish. A robust top lip adds strength to the planter wall, producing an incredibly durable product. Though drainage is available, this planter is watertight and is commonly used for indoor applications.
