

# Panel

# Panel

A fresh approach to a trellis privacy screen. Simplistic in form, considered in design.

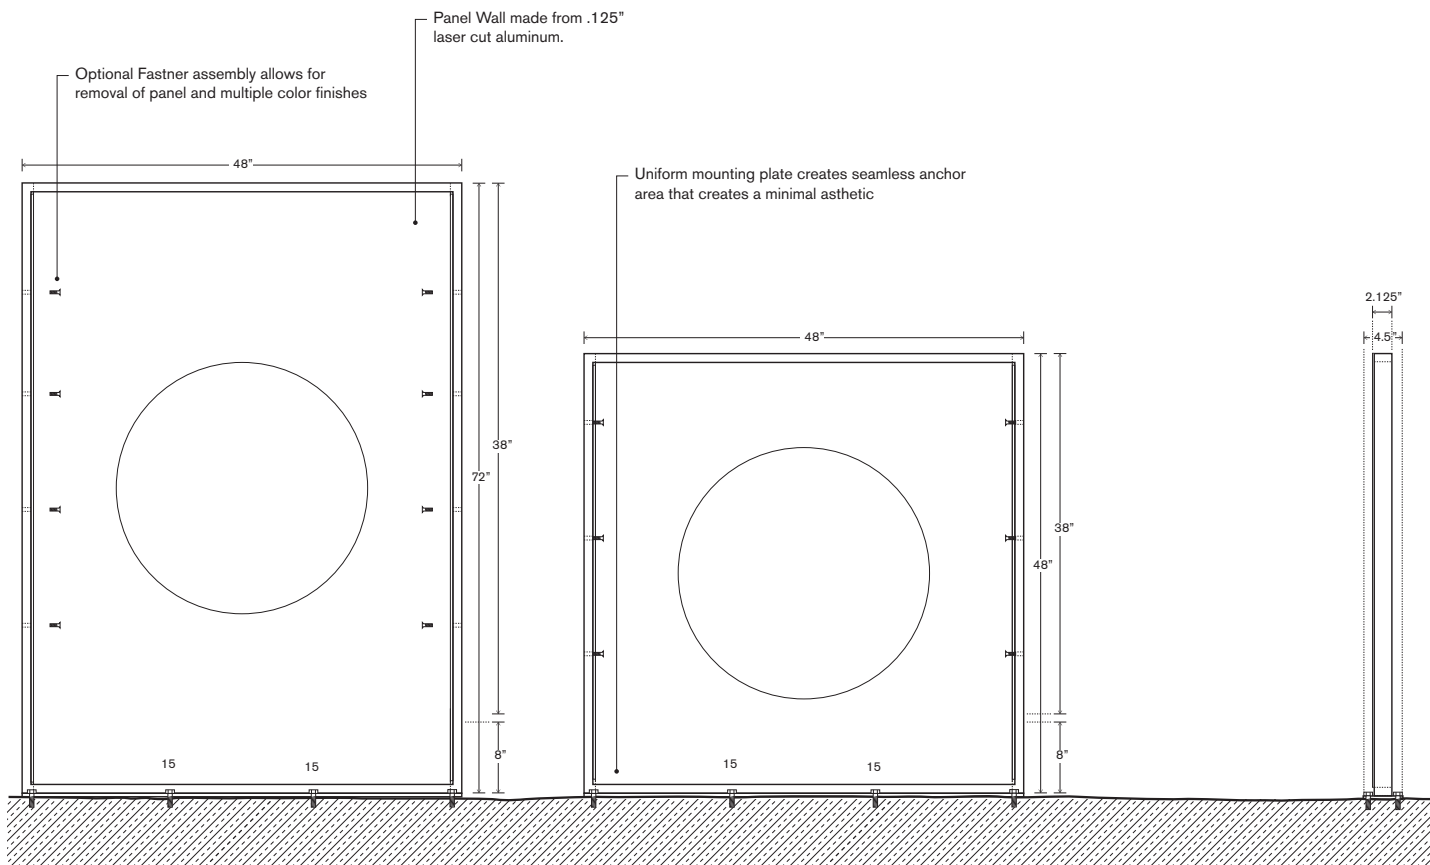

Panel is available in two profiles and two sizes. Please see the following page for a list of available configurations. A playful way to divide space and not each other, Panel is a modern divider that adds spirit to spaces that are designed to accommodate community minded interaction and provoke conversation.

- Constructed of marine grade aluminum or corten steel
- Works as a stand alone piece or in a lineup
- Choose from a catalog of universal patterns, or Panel patterns
